Background

- 1.1 As per the provisions of the MYT Regulations, 2016, TPL-D(A) has filed petition before the Hon'ble Commission for approval of
- a) Truing up of ARR for FY 2019-20 and sharing of gains/losses on account of controllable/un-controllable factors,
 - b) Determination of ARR for FY 2021-22,
 - c) Determination of Gap/(Surplus) for FY 2021-22, and
 - d) Determination of tariff for FY 2021-22

True Up for FY 2019-20

- 1.2 The Hon'ble Commission had approved the revised ARR for FY 2019-20 for TPL-D (A) as per the MTR order dated 24th April, 2019 vide Case No. 1764/2018. This was based on the revised projections for FY 2019-20. The ARR approval is subject to truing up based on the actual data for FY 2019-20.
- 1.3 TPL-D(A), for the purpose of truing up in accordance with the MYT Regulations, 2016, has submitted this petition on the basis of the Hon'ble Commission's MTR order dated 24th April, 2019 in Case No. 1764/2018.
- 1.4 TPL-D(A) has considered the following parameters for truing up of ARR:
- a) Variation in power purchase cost due to variation in power purchase mix, quantity and price.
 - b) Variation in fixed cost such as O&M expense, interest expenses, Depreciation, Return on Equity, Bad debts written off, Income Tax and Non-Tariff Income.
 - c) Sharing of gains/ losses considering controllable & uncontrollable factors.
- 1.5 The energy requirement is based on the actual sales and the actual T&D losses for FY 2019-20. The sale for Ahmedabad Supply Area was 7,822.08 MU. The actual distribution loss achieved for FY 2019-20 was 4.98%.

- 1.6 The trued up ARR has been arrived at by considering the actual expenses vis-à-vis approved expenses as per the MTR order dated 24th April, 2019 vide Case No. 1764/2018. The variation in power purchase cost on account of price, quantity and mix is uncontrollable and passed on in the ARR. However, the variation in expenses to the extent of variation in efficiency parameter is controllable and a portion of the gain is to be added to the approved ARR based on the sharing of gains/losses mechanism specified in the MYT Regulations, 2016. There is a reduction in distribution loss for Ahmedabad supply area as compared to the approved distribution loss level. The gain on account of such reduction in distribution loss is to be shared in accordance with the MYT Regulations, 2016.
- 1.7 The fixed cost items of Ahmedabad Supply Area, such as, O&M expenses, Interest expense, Depreciation, Bad debts, Return on Equity, Income Tax and Non-Tariff Income is trued-up based on the classification of controllable/un-controllable factors for each item head as applicable. Accordingly, the sharing of gains/losses has been arrived at and the trued-up ARR is worked out. The trued-up ARR thus worked out is shown in the table below:

ARR for FY 2021-22

1.11 The Hon'ble Commission vide its order dated 22nd December, 2020 has directed the utilities to file the petition for ARR of FY 2021-22 and determination of tariff for FY 2021-22 based on the principles and methodology as provided in the MYT Regulations, 2016. Accordingly, TPL-D(A) has submitted this petition for approval of the Aggregate Revenue Requirement and determination of tariff for TPL-D (A) for FY 2021-22 as per the provisions of the MYT Regulations, 2016.

1.12 The ARR estimation is based on the assumptions as outlined hereunder:

- a) The energy sales forecast has been done based on the consideration that the growth prevailed in the last decade would not continue further at the same rate. Conversion of industrial units into commercial units and shifting of industrial consumers due to environmental norms and associated cost would impact the energy sales. Further, the negative impact of COVID-19, as presently known, as well as Rooftop Solar have been duly factored. In this background, TPL has projected the sales based on current trend of growth.
- b) The distribution loss and O&M Expenses have been considered as a continued trajectory for Ahmedabad Supply Area for the Control Period upto FY 2021-22.
- c) The energy requirement is proposed to be met from TPL – G (APP), SUGEN, UNOSUGEN, renewable energy sources, bilateral, and power exchange.

- d) The Renewable Purchase Obligation (RPO) is essentially proposed to be met through the purchase of power generated from tied up capacity of renewable sources.
- e) The major capital expenditure of Ahmedabad Supply Area includes Rs. 997.65 Crore in EHV schemes, Rs. 221.17 Crore in HT Network expenditure Schemes, Rs. 164.63 Crore in LT network expenditure schemes, Rs. 201.89 Crore towards Metering, Power Supply Centres, IT & Communication, Safety, etc.
- f) Depreciation, Interest on loans, Interest on Working Capital, ROE, etc. have been computed as per the applicable Regulations.

1.13 The ARR thus computed for Ahmedabad Supply Area for FY 2021-22 is shown in the table below.

Table 3: ARR of Ahmedabad Supply Area for FY 2021-22

Gap/ (Surplus) Analysis for FY 2021-22

1.14 The gap/ (surplus) is arrived at for FY 2021-22 by considering the revenue from sale of power including revenue from the base FPPPA and revenue from OA consumers. The summary of revenue gap/ (surplus) for FY 2021-22 is shown in the following table.

Table 4: Revenue Gap/ (Surplus) of Ahmedabad Supply for FY 2021-22

All figures in Rs. Crore	
ARR	5,263.68
Less:	
Revenue from sale of power at existing tariff rates including base FPPPA revenue @Rs. 1.82 per unit	5,311.79
Revenue from Open Access Charges	23.80
Gap/ (Surplus)	(71.91)

TPL-D(A) has requested to the Hon'ble Commission to consider the gap/ (surplus) as proposed by it.

- 1.15 As per the GERC (Demand Side Management) Regulations, 2012, TPL-D(A) had formulated and submitted to the Hon'ble Commission a DSM Plan for the license areas of Ahmedabad, Gandhinagar and Surat. The Hon'ble Commission has approved Rs. 4.45 Crore for Ahmedabad supply area. In this regard, TPL-D(A) has incurred the expense of Rs. 0.52 Crore during FY 2019-20 including expense towards the DELP program. Regarding the DSM Plan for the period starting from FY 2021-22, TPL-D(A) shall approach the Hon'ble Commission separately.
- 1.16 TPL-D(A) has calculated carrying cost as per the methodology approved/specified by the Hon'ble Commission. TPL-D(A) has, therefore, requested the Hon'ble Commission to consider such outstanding amount in addition to the Gap/ (Surplus) of FY 2019-20 along with carrying cost as per the methodology approved/specified by the Hon'ble Commission.
- 1.17 Based on above, the total gap/(surplus) thus arrived at is Rs. 290.86 Crore. The summary of revenue gap/ (surplus) for determination of tariff FY 2021-22 is shown in the following table.

Table 5: Cumulative Revenue Gap/(Surplus) for determination of tariff of Ahmedabad Supply Area for FY 2021-22

All figures in Rs. Crore	
Gap/ (Surplus) of FY 2019-20	305.48
Carrying Cost	56.78
DSM	0.52

All figures in Rs. Crore	
Gap/ (Surplus) of FY 2021-22	(71.91)
Cumulative Gap/ (Surplus) to be recovered through tariff	290.86

- 1.18 TPL-D(A) has submitted that the cumulative gap of Rs. 290.86 Crore is arising mainly on account of past years' under-recovery. Therefore, TPL-D(A) has not proposed any increase in tariff and has proposed to recover this cumulative gap by way of time bound Regulatory Charge at the rate of Rs. 0.19 per unit w.e.f. 1st April, 2021 over a period of two years with necessary adjustment of cost due to deferment of recovery.
- 1.19 It may kindly be noted that TPL-D(A)'s tariff was last increased in the year 2015-16. Since then, despite the overall inflationary pressures, TPL-D(A) has been managing its costs largely through operational efficiencies. Even for FY 2021-22, TPL-D(A) is not requesting a permanent increase in tariff and is proposing to recover the past-period under-recoveries through a Regulatory Charge. The approval of Regulatory Charge is essential so as to liquidate past under recoveries and enable TPL-D(A) to maintain and further improve its high standards of quality, reliability and customer services.
- 1.20 Further, TPL-D(A) has proposed to recover the Gap/Carrying cost for matters pending with Hon'ble GERC / APTEL within the FPPPA ceiling of Rs. 2.21 per unit.
